

## **Want to become a vendor at our craft fair?**

Thank you for your interest in our craft fair! We would love to hear about your craft. The intention is to add as many vendors as possible to our craft fair but our space is limited. We have approximately 176 inside and outside spaces. Selection of vendors is done by the YLWC craft fair committee. Our emphasis is on hand crafted items. We want to maintain the integrity of the craft fair and will give priority to vendors that sell items that are unique and appealing. We want to keep the fair interesting and limit competition as best we can. Direct sales and multi-level marketing items are accepted but limited and, as with all vendors, at the discretion of the craft fair committee. Only one seller of a particular brand is allowed at each craft fair.

Returning vendors have priority and will be emailed invitations with an application. Spaces are not guaranteed. Interested new vendors are asked to complete the waitlist application below, which provides additional information. We want to gather information about your business and craft. At the end of the returning vendor application process, we will turn to our waitlist to fill remaining booth spaces, if any. Additionally, the waitlist is utilized in the event of cancellations, which can happen anytime up to the date of the fair. You will only be contacted if you are selected and we have a space for you. At that time, you will be requested to complete the vendor application. Waitlist applications will need completed by interested vendors who have not participated for each craft fair. The waitlist does not carryover to future fairs. Please email us at anytime during the application process at [ylwccraftfair@gmail.com](mailto:ylwccraftfair@gmail.com) with any questions or updates.
